

SOUTHERN RUT PERFORMANCE LLC

Precision Fabrication • Performance Engineering • Manufacturing Solutions

WHO WE ARE

Southern Rut Performance is more than a fabrication shop—we build solutions. Based in Dahlonega, Georgia, we combine advanced CNC technology with hands-on fabrication experience to support commercial, industrial, motorsports, off-road, and custom manufacturing projects. From concept and CAD design through finished product, our goal is delivering quality work with attention to detail and fast turnaround times.

CORE CAPABILITIES

- Welding (all types)
- CNC Fiber Laser (3kW)
- CNC Plasma (up to 1-1/4")
- CNC Tube Cutting
- 135-Ton CNC Press Brake
- Tube Bending
- Sandblasting
- Powder Coating / Cerakote
- Custom Metal Fabrication
- CAD Design Work
- Automotive Performance Fabrication
- NASA/SFI Certified

WHY SOUTHERN RUT

- End-to-end fabrication under one roof
- Performance-driven mindset with motorsports experience
- Precision equipment paired with real-world craftsmanship
- Custom, prototype, and one-off project capability
